DRÄGER X-plore 1330 V M/L FFP3 NR D
DRÄGER X-plore 1320 V Odour FFP2 NR D
DRÄGER X-plore 1330 V Odour FFP3 NR D

are tested and certified according EN 149:2001, and the EN 143:2007 by the Notified Body IFA (formerly BGIA), located in Sankt Augustin.

The products are labeled with the designation “NR”, because the Notified Body IFA already accepted to label according the draft standard valid that time.

Since certification and testing has been conducted prior to publication the particle filter performance has been tested according to the requirement of EN 143:2007 – particle filters.

This test report reference had already concluded the new test regime for all particle filters (including particle filtering half masks) as it is specified in EN 149:2001+A1:2009 today.
